by solemn oath, to prevent the sheriffs levying on their goods and chattles: However I shall be better informed of the genuine causes of the restless disposition that prevails among the inhabitants of several other counties in the province, tho' they have not yet shewed themselves openly, when I go up into the back country among them, which I purpose to do next week for the hot months.

If his Majesty in his wisdom shall grant the address of this colony for a currency, I persuade myself the public taxes would be collected without any obstruction.

COUNCIL JOURNALS.

At a Council held at Brunswick 20th June 1768
Present.
His Excellency the Governor
James Hasell William Dry
John Rutherford Benjamin Heron Esquires
Lewis DeRosset Samuel Stratwick

His Excellency was pleased to lay before the Board a petition and sundry other papers relative to the late Disturbances in Orange County in Answer to which it is the unanimous opinion of the Board that his Excellency send the following Letter Viz:

GENTLEMEN
I have received by the hands of Messrs Hunter and Howell a Petition and other papers subscribed by several of the Inhabitants lying on the South side of Haw River in the County of Orange under the borrowed Title of Regulators assuming to themselves Powers and Authorities unknown to the Constitution of calling Publick Officers to a settlement, together with a narrative of their conduct and detail of the grievances and complaints against the Clerk of the Court, Register and other Publick Officers, whose exactions and oppressions it's pretended has been the cause of the late Insurrections which have disturbed the peace of that part of the Country: These papers I have agreeable to your desire communicated to the Members of His Majesty's Council, who having taken the same into their deliberate consideration, unanimously concur with me in Opinion that the Grievances complained of by no means Warrant the extraordinary steps you have taken in assembling yourselves together in Arms, to the Obstruction of the Course of Justice, to the insult of Publick Officers of the Government in the Execution of their Offices and to the injury of private property: Measures as they manifestly tend to the subversion of the Constitution of this Government would inevitably if carried but a little farther have been denounced and must have been treated as high treason, and consequently have involved the Abettors most of whom I am satisfied were actuated by honest Motives though incautiously drawn in to concur in Acts that might have terminated in the ruin and destruction of their Families while by illegal means they were intent on exempting themselves from Evils within the Remedy of the Laws of this Country: These calamities I trust are now removed by the timely proclamation I sent up to you by my Secretary and your own prudent determination to petition me in Council for the redress of the Grievances complained of — The discreet and steady behaviour of Col' Fanning and the Officers and Men under his Command meet not only with the entire Approbation of myself and His Majesty's Council, but will ever be acknowledged with gratitude by every unprejudiced well wisher of this Province. I take this opportunity to acquaint all those whose understandings have been run away with and whose passions have been led in Captivity by some evil designing men who actuated by cowardice and a sense of that Publick Justice which is due to their Crimes have obscured themselves from Publick view that in consideration of a determination to abide by my decision in Council it is my direction by the unanimous Advice of that Board that you do from henceforward desist from any further Meetings either by Verbal appointment or advertisement, That all Titles of Regulators or Associations cease among you, That the Sheriffs and other Officers of the Government are permitted without molestation to execute the duties of their respective Offices and that all Breaches of the peace against His Majesty's Government may be examined and determined in a due course of Law. It is by your strict and punctual adherence to these directions that any further clemency on my part may be looked for. This was the extent of what I authorized Mr Edwards to declare on my behalf. And now that I have signified to you the sense of His Majesty's Council entertains of the nature of your proceedings and the Requisitions I point out by their advice for your future conduct, I am to assure you willing as I am to listen to the
voice of distress and the just complaints of His Majestys Subjects
and the hardships they may groan under, that I shall give His Maj-
estys Attorney General Orders to prosecute every Officer who has
been guilty of Extortion or illegal Practices in his Office upon any
Application or information lodged with him by the Parties injured
or any others who shall be authorized to prosecute on their behalf
as also sit upon a proclamation on my arrival at Hillsborough for-
bidding all such dishonorable and illegal proceedings. You may
further depend upon it I shall at all times endeavour to redress every
other Grievance in my power that His Majestys Loyal Subjects may
labor under.

As you want to be satisfied what is the amount of the Tax for
the Publick Service for 1767 I am to inform you it is seven shillings
a Taxable besides the County and Parish Taxes, the particulars of
which I will give to Mr Hunter. I have only to add I shall be up
at Hillsborough the beginning of next Month in the mean time I
rest in full confidence I shall be again made happy by seeing industry
prevailing over Faction, and Peace and Harmony triumphing
over jealousy and murmuring in a Soil and climate the most fertile
in the World and among a people who by a well directed industry
may draw down blessings and prosperity to their Families, and
greatly contribute to the Honour of His Majestys Government and
the Happiness of my Administration.

At the Council Chamber Brunswick the 21st June 1768.

His Excellency acquainted this Board that he thought Col:
Edmund Fanning of the Orange Regiment of Militia, together with
the Officers and Men which were present under his command during
the late disturbances at Hillsborough merited some publick testi-
mony for their prudent and spirited behavior upon that occasion
which being the unanimous opinion of His Majestys Council then
present Col. Fanning was desired to appear and received the thanks
of His Excellency and this Board accordingly and was requested to
deliver the same to the officers and men who acted under his com-
mand.
And we do further strictly enjoin and require all public Officers, in their respective stations throughout this Province, not to demand or receive other Fees, for public business transacted in their Offices, than what was established by proper authority, upon pain of being removed from their said Offices, and prosecuted with the utmost severity of the Law.

Witness our Trusty and Well beloved William Tryon, Esq: Our Captain General, Governor & Commander in Chief, in & over Our said Province, at Brunswick, the twenty first day of July, in the year of Our Lord one thousand seven hundred & sixty eight, & in the eighth year of our reign.

Wm. Tryon.

God save the King.

Letter from Earl Hillsborough to Governor Tryon

Whitehall 13th August 1768.

Sir,
The Disturbances in the Counties of Orange and Anson appear, from the Circumstances related in your Letter, to have been of a
very dangerous Nature, and as the King gives full Credit to your Spirit and Activity in the Suppression of them so His Majesty has an entire Confidence in your Prudence that every necessary precaution will be taken to prevent the like riotous Proceedings for the future. At the same time it will be very satisfactory to His Majesty to be fully informed of the Causes of those Disturbances, to the End that if there appears to be any real Ground of Complaint, Measures may be taken to apply the proper remedy.

I have already, in my Letter No. 11, been so full and explicit upon the Application made by the Council & Assembly of North Carolina for a Paper Currency, that I have nothing to add upon that Subject.

The Petition of the Members of the Council to His Majesty, praying an Allowance out of the Quit Rents in Consideration of the various Duties they are obliged to perform, has been communicated to the Board of Trade, and a favorable Report thereupon, from that Board, now lies before the Lords of the Committee of Council, but I do not expect that their Lordships will come to any Determination upon it, until they know the Sentiments of the Lords Commissioners of the Treasury.

I am &c

COUNCIL JOURNALS.

At a Council held at Hillsborough 13th August 1768.

Present
His Excellency the Governor

   Samuel Strudwick

The Honble Esquires

His Excellency was pleased to inform this Board, that at His arrival at Hillsboro he had agreeable to his promise issued a proclamation strictly forbidding all publick officers from taking more than the fees established by Law, and that having been five weeks in this Town without receiving any answer to his letter dated from the Council Chamber at Brunswick the 21st June addressed to the Inhabitants on the South side of Haw River, and having certain information that these people continue their unlawful assemblies and went on enrolling men, and confederating under a solemn engagement to obstruct the Laws, He had thought proper to direct Mr Harris the late Sheriff of Orange County to go to them at one of their meetings and demand the Publick Taxes, sending by him the following Letter to dispose them more cheerfully to submit to the payment of their levies.

GENTLEMEN,

In strict conformity to the promises I made you in my letter dated from the Council Chamber at Brunswick I issued a proclamation on my arrival at Hillsborough a copy of which I herewith transmit to you. I also gave Mr Attorney General Orders to prosecute at Law all Publick Officers in your County for abuses in their Offices, on a application made to him by or in behalf of the parties injured.

It is therefore by my advice and consent that Mr Tyrce Harris waits on you to proceed in the collection of the Publick County and Parochial Taxes of Orange County for the year 1767.

I have the fullest confidence that you will agreeable to the direction of my above mentioned Letter to you and in Justice to the principles of your engagement to abide by my decision in Council make it a matter of Honour and Conscience among yourselves that Mr Harris and his deputies shall not meet with any interruption in so essential and immediately necessary a discharge of his duty in obedience to the Laws of this Country.

W. TRYON.

Hillsborough 1st August 1768.

That the Sheriff at his return acquainted His Excellency that the Insurgents to a man refused to pay their taxes and threatened the life of any person who should attempt to distrain for them; these menaces had such an effect on the Sheriff and his deputy that they not proceed to a distress, That on the 5th of August His Excellency received a Letter from the persons styling themselves Regulators by the hands of Messrs Hunter and Lowe as follows

MAY IT PLEASE YOUR EXCELLENCY,

In your Excellency's gracious Answer to our Petition &c by Messrs Hunter & Howell you were pleased to inform us that you

vol. vii—51
had laid our papers before the Hon. Members of His Majesty's Council for which we return you our sincere & hearty thanks the had you conformable to your wonted Goodness graciously condescended to have laid them before the whole of that Board our thanks on this Occasion had been rather more unspecified; your gracious promise of setting upon your arrivall at Hillsborough a Proclamation forbidding all Officers the taking or even demanding illegal and exorbitant Fees on pain of your highest displeasure gave us some encouragement and hopes of redress especially on informa- tions you had really performed your promise but when we were assured the register had in open violence thereof taken nine shil- lings and four pence expressly contrary to Law for recording of deeds our hopes Vanished fearing your orders to the Attorney General may be as little regarded and that a poor man will get no real redress for, your Excellency may easily perceive how little regard these men pay to your injunctions how little dread your displeasure Neither does these Considerations alone deter us from a measure whereby to obtain Justice pointed out to us by your Excellency as the most salutary But our Gentlemen have got a trick of late of suing such as demand only their just debts and sue for them to some distant District when they are in the way of their business This was the case of poor Touchstone who having repeatedly dunned Colonel Fanning and his Agent to no purpose for a sum due to him and despairing to obtain it commenced an action against the Agent for which crime, the Colonel served him with a general Court Writ to appear at Halifax Superior Court and altho' the Colonel paid what costs accrued thereof yet poor Touch- stone who lives in Anson by attendance, loss of time and expences to his very great damage and this we humbly apprehend must be the case with everyone who should enter into Law Contest with our powerful antagonists Pardon us therefore great Sir when we tell you in the anguish of our Souls that we cannot, dare not go to law as we are sure that step whenever taken will terminate inevi- tably in the ruin of ourselves & Families unless other means are established wherewith to ward off and invalidate these dreadfully dangerous consequences seeing therefore that these sons of Zeruiah are like to prove too hard for your Excellency as well as for us and seeing you are disregarded in everything you are gra- ciously pleased to speak or act in our favour We have come to a resolution to Petition the Lower House as the other branch of the Leg- islature in order to strengthen your Excellency's hands that by the concurrence and timely aid of that respectable Body you may be enabled to curb the insolence and avarice of these overgrown Members of the Commonwealth and thereby happy for all Par- tyes establish Peace, Harmony and Concord throughout the Coun- try and as our dernier resort should this method fail us we have nothing left but to pass by the Injustice, stagger along under our heavy burdens & secretly and silently lament the Pecu- liarity of our fate which has made us the unhappy objects of oppression without affording us the most distant prospect or latent means of redress. — Your Excellency is pleased to observe that you Hope again to be made happy on seeing a spirit of industry prevailing among us over faction and discontent Great Sir, all that know us can bear witness for us that while we held anything we could call our own few People on earth were more industrious than we but alas since the iron hand of tyranny has displayed its baneful influ- ences over us with impunity how has dejection, indifference and melancholy & Chagrin diffusively spread themselves far and wide among us and unless some propitious being in form either of your Excellency our Assembly or both graciously condescend to use your united efforts to extricate us, out of our present misery and secure us in our rights and properties the sullenness and gloom which we are already seized will fix deep in our intellects and a general dis- regard to everything here below ensue as a consequence thereof or shall we strive after any more than barely to keep these our toting frames from falling to pieces until death in compassion to our sufferings and in commiseration of our wrongs shall kindly appear in the shape of a Halter, Bullet, Sword or perhaps in his natural shape and remove us from this spot of dirt about which and its products there is so much contention and animosity till when and but at all times hereafter may your Excellency's Portion be as the dew of Heaven and the fat things of the earth, artfully wish and sincerely pray your Excellency's Devoted Humble Servants

Note.—The above letter was delivered to the Governor the 5th of
August 1768 by Messrs. Lowe and Hunter at Hillsborough, which
letter was read in Council; this letter he promised to answer the 17th
as he shortly expected the arrival of some Members of His Maj-
esty’s Council whom he chose to consult on the subject.—That in
the night of the 11th he had intelligence that a number of Insur-
gents said to be upwards of one thousand, were Assembled in Arms
within twenty miles of Hillsborough, and were suspected to have
formed some evil designs against the Town and its Inhabitants, for
the prevention of which he had ordered in the nearest companies of
Militia: But upon subsequent information that the Insurgents had
collected themselves upon a false alarm and were actually dispersed,
His Excellency had thought proper to dismiss the militia after hav-
ing administered the following oath to upwards of four hundred O-
fficers and men which they took with great expressions of Loyalty.

I, A B, Do solemnly promise and swear that I will bear true
Allegiance to His Majesty King George the Third. So help me God.
I, A B, Do sincerely and faithfully promise and swear that I will
with heart and hand, life and goods, maintain and defend His Maj-
esty’s Government and the Laws and Constitution of the Province
of North Carolina against all persons whatsoever who shall attempt
to obstruct or prevent the due administration of the Laws and
the Public Peace and Tranquility of the said province. So help me God.

His Excellency therefore desires the opinion of the Council what
measures they would recommend to be pursued [in] the present
exigency.

The Board having taken the several matters before mentioned
into their serious consideration are unanimously of opinion, That His
Excellency should write the following Letter to the persons assum-
ing the Title of Regulators, and that in case of their noncompliance
with the requisition contained therein he should take the most
effectual measures to preserve the public tranquility, and support the
due Administration of the Laws by drawing out the Militia and
employing them as may be most expedient for these salutary pur-
poses,

GENTLEMEN,

I had every reasonable hope that my Letter to you from the
Council Chamber of the 21st of June would have given you not
only the most Cordial satisfaction, but have prompted you with the
most ardent zeal to have immediately subscribed to every direction
contained therein, conformable to the declared Resolution in your
Address to me:

It is with a sincere Regret I at this time reflect on the disobedient
and ungrateful return you have made me both by your disregard to
every part of my directions in the above mentioned letter and your
refusal to pay your Publick levies to Mr Harris late Sheriff who
demanded them of you on the second of this Month at a general
meeting in virtue of his Legal powers and in compliance with the
letter I sent you by him urging the immediate payment thereof.

The candour with which I treated the rash and precipitate steps
of your past conduct and the just means and effectual measures I
pointed out for removing the causes of your complaints would have
given ample satisfaction to every man who petitioned me with an
intention to be satisfied with Justice.

By your letter delivered to me the 5th Instant by the hands of
Messrs. Lowe and Hunter, I have the mortification to find every
lenient measure of mine has been prevented, and the friendly aid I
offered to correct the abuses in public Offices (which it was my duty
to tender) considered by you as insufficient.

The force of the proclamation was to caution public officers
against and to prevent as much as possible extortion: It is the
province of the Courts of Law to Judge and punish the Extorter.

The dissatisfaction also you express that your address and papers
were not laid before the whole Council is equally groundless with
your declarations of the insufficiency of the proclamation.

By His Majesty’s Commission and instruction, three Councillors
make a Board, and with five members business may be transacted
of the highest Dignity: Whereas six gentlemen of the Council were
present when your address and papers were laid before that Board.

The Resolution you have taken to petition the Legislative Body
is extremely agreeable to me. My services on that occasion shall
not be wanting to redress any real grievances.

It is necessary I should now inform you in humanity to your mis-
guided passions, and in Justice to the Integrity of my intentions, that
you are pursuing measures highly criminal and illegal; and it is a
circumstance of real affliction to me when I consider you as acting
upon principles no less void of Faith and Honour than inconsistent
with every Moral and Religious duty.
You have given occasion to every man of property and probity by the open and unreserved menaces you have thrown out against the lives and properties of many of the Inhabitants of this County to look upon your designs as bent rather upon destroying the peace of this Government, and the security of its Inhabitants, than a wish or intention to wait for any legal process against those you imagine have abused their publick Trust.

Upon these alarming prospects I esteem it my duty to provide for the safety of Government and to take care that the Publick receives no danger.

To prevent therefore as much as possible the heavy expense that must accrue to the Province by providing against the insults that are intended to be offered to His Majestys Superior Court of Justice, I am peremptory to require on your part, that at least twelve of your principals and those of the first property, wait upon me at Salisbury on Thursday the 25th of this month, and there execute in my presence a Bond of one thousand pounds as a security that no rescue shall be made of William Butler and Harmond Husbands at the Superior Court at Hillsborough they being under recognizances then to appear and take their trial.

Signed

[B. P. R. O. Am. & W. I. N. C. No. 216.]

Address from the Inhabitants in Anson County.

To His Excellency Governor Tryon.

EXCELLENT SIR,

We make no doubt but that you will soon hear the disagreeable news of the disorders of the unfortunate County of Anson. We therefore take this opportunity to inform you the cause and manner of it, in which we blame ourselves, for not having first addressed your Excellency on the Occasion of our complaints, who could, and no doubt would have removed our Grievances and have prevented the rumour of Faction and Disorder. But being long under the growing weight of oppression became precipitate, and rash, and thought to change the state of the County in a different manner to have suppressed the Offenders, and made them wary of their employment—For which purpose formed ourselves into which the opposite Party called a mob of about five hundred men, resolving should no happier event interfere to our succor to have defended our cause in the disagreeable manner of a force, and to have persisted unto blood. We looking on it at that time much out of our Powers to have kindness from your Excellency as our leading men were best acquainted, whose assertions we feared would have greatest weight with your Excellency. But whenever considered that neither Prince nor Governor who has the good of his People at heart would see them oppressed to gratify the errors and ambition of any particular Persons, who are Anthony Hutchins, Colonel Samuel Spencer, Charles Mellock and their Assistants the Justices and Sheriffs &c. Persons chiefly recommended to your Excellency by Hutchins and Spencer to answer their partial views and Purposes, under whose influence they act the Magistrate part through fear as fearing to offend the Persons who conferred the Honors on them, and part ignorance as not knowing what to do, they being a number of very poor ignorant and almost illiterate men. Under such their inability they proceed to the Administration, of what they call public Justice which Property and character are extremely doubtful & precarious, as innocent Persons are committed to Gaol by the Gaoler himself being a magistrate and then put to considerable expense, and then discharged without form of Trial to conceal their Injustice. Amongst other things they tax the People in an unusual manner which are as follows.

First Persons who commit capital offences are committed to the County Gaol and there retained five or six months, a County Tax County Gaol and there retained five or six months, a County Tax County Gaol and there retained five or six months, a County Tax for which purpose formed ourselves into which the opposite Party
here the Magistrates assume it, then the Sheriffs who receive the Tax particularly Medlock and his Associates have made a constant practice to exact 2s. for distress money, when no distress is made nor necessary to be made, and also have taxed different sums from the People according to their non acquittance with the right Tax so that several different sums were received from the People in the same year surmounting the right Tax. As to the Clerk his extortions are barthensome to all that fall in his power as he takes double and some times treble his due — And tho’ it is true he purchased his Office from Colonel Frohawk and gave to the amount of one hundred and fifty pounds for it yet it’s unreasonable we should bear the expence by way of extortion. Please Sir, to enquire of Mr. Edwards, touching the connection of Hutchins Spencer and Medlock, and their unreasonable method of proceeding by means of their influence over the ignorant Magistrates as he has doubtless made some observation on their behaviour. This and much more are the causes of the present disturbances which we humbly pray your Excellency will please to reconcile by discharging the most of the Magistrates from their seats, & appointing better men, more capable and willing to discharge that Office, and also the Clerk if it seems right to you. Sir, if you in your wisdom think meet so to do we beg leave as we have no Person to represent us to inform your Excellency of the Magistrates which are unqualified for that Office and ought to be discharged, and also to recommend by the voice of the County such Persons as will judiciously discharge their several Offices & immediately upon such alterations the minds of the People will be at ease, and each one to his former obedience, and ready to discharge according to their abilities every expence necessary for the support of Government, and we as Petitioners in Duty bound shall ever pray —

His Excellency’s Answer to the Anson Petition
GENTLEMEN,

The various matters of Complaint in your Petition to me delivered by Mr. Luke Robinson are of so extraordinary and unusual a nature, that they require the consultation of His Majesty’s Council which are far distant from me, at present. Such part of your asserted grievances as regard the Extortion of Public Officers will be remedied as soon as possible. The Physicians who have been injured by the Attorney died by the Parties who have been injured by the Attorney shall receive directions from me to prosecute those who have abused their Public Trusts — As to the Insults you offered to have been committed in the execution of their Offices at the inferior Court the Magistrates in the execution of their Offices at the Inferior Court of Salisbury District — The acknowledgment however of your County, will be a subject of Enquiry at His Majesty’s Superior Court of Salisbury District — The acknowledgment however of
to the Laws of your County, entitle you to some lenity from the Court as well as from Me. The enclosed Proclamation will be sufficient to satisfy you of the just abhorrence His Majesty entertaines of the dishonorable Practices complained of in Public Offices.

WILLIAM TRYON.

The Insurgents Letter to the Governor.

MAY IT PLEASE YOUR EXCELLENCY,

We received your letter by the hands of Mr. Lee at the only time that ever our Officers showed any real intention of informing us to what uses our money is applied and at a time when we had hopes and were persuaded matters were likely to be settled to the peace and satisfaction of the Public. But finding by it that your Excellency was displeased and charges us with breach of Honor and that we have given occasion for to be looked on as rather bent on destroying the peace of this Government than to wait for Justice.

At which we are truly affected with sorrow and concern at the thoughts of any differences arising between your Excellency and us, and that as through false reports and alarms the commonalty under Oppression have been incensd and occasion given we determine to use our utmost endeavors to guard against such Offences for the future.

But amidst our sorrow we are rejoiced to find your Excellency to be agreeable to our resolutions, to petition the Legislative Body which is generally agreed on.

As to the demand for security, not to rescue the prisoners, we beg that it may be considered that the alarms of raising men and Indians to cut off the Inhabitants of this County as Rebels, when they know in their hearts and Consciences they were guilty of no other Crime, but endeavoring to obtain justice, and detect fraudulent practices in the officers which has been so common in this Province that it is mentioned in many Public Acts of Assembly made to remedy the same which constantly prove unsuccessful, and we conceive ever will be so until the Public is encouraged to assist, and help by complaining and producing matters of fact, against the particulars.

Now these alarms were thought by the most considerate men to be without ground who interposed, pacified and moderated the People, and these it is likely may be looked on as the Principals or leading men. And these will ever use the same care, and will no doubt be always able to govern the multitude by reason & yet would be unwilling to enter into bonds, for the noise of such a step would be rather more likely to hinder their influence.

Moreover there never was any intent to rescue Prisoners but to beg and pray of the Governor to dissolve the House of Assembly and so far as we know the sentiments of the people in general, this one step alone, would at once stop every mouth and every complaint, but what would go through and by way of such Representatives as would then be chosen.

As the Governor may observe by the Detail of our Proceedings, that it was the Representatives refusing us a Conference, and threatening us for requesting one, and frightening and detersing us from petitioning for redress, that first gave occasion for disorder—Therefore as the stoping the free Passage of this Channel for Relief, has occasioned the Obstruction of good order, so the opening of which passage, will as assuredly restore it again.

Insurgents Letter to the Governor delivered by James Hunter when the Troops were on the march from Salisbury to Hillsborough.

MAY IT PLEASE YOUR EXCELLENCY,

The general rumour prevails that a large Drove of Cattle are shortly to pass through our Settlement by your Excellency’s Directation. Pardon us Sir when we signify a measure so very prejudicial to our interests gives us some Pain as a number of Cattle have been already lost through distempers spread among us by Droses from the South and as the common method used in such cases have been to stop such Droses we hope we shall not be drove to the necessity of using such roughness in any affair wherein your Excellency is concerned & therefore rely on your Excellency’s giving positive Orders to stop said Droses.

As various rumours are daily spread that your Excellency designs to try, hang & condemn all those who bear the title of regulators
and all who abet and adhere to them as rebels and traitors, and that you are enlisting forces into the nature of standing regiments in order to carry your designs into execution, let us premise that we declare we bear true and faithful allegiance, and that we are unfeigned love to our dread Sovereign Lord and royal Master King Geo 3rd now on the British throne, and will when occasion requires fight for and defend him to the last drop of blood, and that we highly revere the British Constitution and would not change it for any form of Government existing. And lastly that we bear no ill-will to any but our cruel oppressors from which number we exclude your Excellency. But will nothing propitiate but our blood, we are determined at all events to fall like men, and sell our lives at the very dearest rate.

We humbly therefore hope you will be pleased to inform us whether these rumors are true that we may know what to depend upon, always believing such designs never existed in your Excellency’s intentions, seeing they are diametrically opposite to your known candor, justice, goodness and lenity from Sir,

Your Excellency’s
Very devoted humble servants

Letter from the Presbyterian Ministers to Governor Tryon

To His Excellency William Tryon Esq. Captain General & Commander in Chief in and over the Province of North Carolina

Sir,

We the Subscribers His Majesty’s ever dutiful and loyal Subjects Presbyterian Ministers in this Province, beg leave to approach your Excellency with cordial professions of unshaken duty and loyalty to His Majesty’s sacred Person and Government and to testify our duty and ready submission to the Laws of this Province and to your Excellency’s Administration. With these sentiments glowing in our breasts, we cannot but express our abhorrence of the present turbulent and disorderly spirit that shows itself in some parts of this Province, and we beg leave to assure your Excellency that we will exert our utmost abilities, to prevent the infection spreading among the People of our charge, and among the whole Presbyterian Body in this Province as far as our influence will extend.

We humbly hope your Excellency has found but a very small proportion of the People of our Denomination, among the present Insurgents, and we assure you Sir, if any such there are, they have departed from the invariable Principles of their Profession, which we are some bred in this Wilderness, for want of proper Instruction, may be supposed ignorant of.
Fully sensible of the happiness of our situation in point of Religious Liberty, we shall not fail at all times to inculcate and proclaim the glorious and catholic doctrines of Faith, Piety, Virtue and Loyalty so as best to promote the glory of our Divine Master, the best Interests of mankind, the Honor of His Majesty's Government, and the ease and comfort of your Excellency's Administration.

We congratulate our Country Sir, that while your Excellency steadily refuses to grant anything on compulsion to the demands of unreasonable men, you have at the same time made the cause of the poor so much your own, as to ensure to them the redress of any grievances they may labour under, in the way prescribed by the Laws of their Country.

That Heaven may bless your Excellency, the other branches of this Legislature, and the whole body of this Province, that all parties of Christians, may unite as one man to strengthen your hands at this Season That you may weather the Storm with dignity to yourself and Government, and compassion to the deluded, and unwary, and be long continued among us a Pattern, and Patron of Virtue, and Piety, Steadiness and Condescension is the sincere Prayer of Your Excellency's most Obedient and most humble Servants

Hawfields 23rd August 1768.

We consider the scattered & destitute situation of the Presbyterian Church in this Province through the scarcity of Ministers, and the annual increase of our vacant Congregation, and tho' there are now a few Ministers settled among you, and the reverend Synod of New York and Philadelphia have heard your unfortunate Intreaties, and sent you annual supplies for some years past, yet it must be confessed there are sundry, especially of the younger sort who have been bred up in this Wilderness, ignorant of the Principles and Practices of their Ancestors, which we can assure them have always evidenced a zealous attachment to the Protestant Succession in the present royal Family, and a spirited opposition to every measure concerted at home or abroad, to shake the present happy Establishment and this on the principles strictly enjoined by the Westminster Confession of Faith and Catechism.

We are sensible the movers of the present Insurrection, have put the cry of King, Loyalty, Allegiance, into the mouths of their unwary Adherents; which doubtless was the snare that caught you and many others, but we earnestly recommend to you to consider, that the opposition is directly levelled against Government and Law; for the Oath is what the Law nowhere prescribes, and that Oath to do unlawful things viz: to call Officers to a Settlement, in a way to the Law has not allowed, and lastly that Oath is taken not to pay their Taxes, expressly contrary to the Laws of our Country, and the plain word of God. These things should detach every loyal Subject from them especially as you are assured by the Governor's Proclamation, that Justice will be done on all that have oppressed their sovereignty, that Justice will be done on all that have oppressed any one on proper complaint, by a due course of Law. Should any object that they are bound by this Oath, we answer, such persons have involved themselves in guilt by taking such an unlawful act, and ought to be broken — We pity, we compassionate the share with them in all their distresses, but remember Brethren the remedy for Oppression is within the Compass of the Laws of your Country — Let such of you therefore as have been drawn into this unhappy confederacy, return immediately to your Duty and Loyalty, remembering the Divine authority that has enjoined "Let every soul be subject to the Higher powers, for there is no Power but of God; the Powers that be are ordained of God. Whosoever
Duty bound to beg your Excellency’s pardon and clemency for my past misconduct and y e Protection for the remainder of the Time which God in His great goodness has allotted me, so I shall ever pray for your Exc & n happiness, and Preservation in this world, & that you may receive a Crown of Glory in the World to come. Therefore I remain for the time to come with all submission.

Your Excellency’s most humble
and obedient servant

GEORGE HENDRY

Bear Creek Orange County August 28th 1768.

Association Oath taken by the Principal Officers of Government and a large Body of Inhabitants in Orange County.

I, A-B., do sincerely promise and swear that I will bear true allegiance to His Majesty King George the Third. — So help me God.

I, A-B., do sincerely and faithfully promise and swear that I will with Heart & Hands, Life and Goods, maintain and defend His Majesty’s Government and the Laws and Constitution of the Province of North Carolina, against all persons whatsoever who shall attempt to alter, obstruct or prevent the due administration of the Laws & the Public Peace and Tranquility of the said Province. So help me God.

MAY IT PLEASE YOUR EXCELLENCY,

As it has been my misfortune to be unhappily drawn into this erroneous, weak and silly notion of what is called by some People a regulation which I find to my great grief and sorrow to be nothing less than a confusion, I was chosen amongst some others to go up to Hillsborough on the 23rd of last month on some business relating to the affair, but had not the happiness of seeing your Excellency which happiness I think would have contributed greatly to my satisfaction. But I had the good fortune to see the honorable Colonel Fanning who partly convinced me of my error, by his willingness to satisfy Us of every particular that lay in his power, which was quite contrary of what had been reported of him. And now I am so fully satisfied of that Gentleman’s goodness and condescension, and of your Excellency’s goodness and clemency by your so kind and just Proposals made to the People for determining the matters that I am determined never to have any further concern in the affair, contrary your Excellency’s Will and Pleasure. Therefore I finding myself in
